CHURCH AID BOARD IS TO BE FORMED

METHODIST BISHOPS AND DELEGATES IN SESSION.

Reports of Extension Work Presented Yesterday—Financial Condition of the Organization Improved—Christian Workers Meet at New Haven, Connecticut.

Chicago, Nov. 8.—Small in numbers but important in religious significance was the gathering held yesterday in the First Methodist Episcopal Church by the board of church extension and the general committee of church extension of the Methodist Episcopal Church. Fourteen bishops, the temporal heads of the great denomination, representing several millions of people, were present, and perhaps twice that number of district representatives and officers.

All but two of the bishops of the church are attending the business session of the society named and of the Freedman's Aid and Southern Educational Society, which will be held directly following.

The first business session of the board was called to order at 10 o'clock by Bishop Thomas Bowman, of St. Louis, the senior bishop. He called upon Rev. Dr. J. F. Chaffee, of Minnesota, to lead in opening services of prayer and song. Bishop C. D. Foss, president of the board, was to be seen in the auditorium, and the recording secretary, Rev. Dr. J. S. J. McConnell, of Philadelphia, and the corresponding secretary, Rev. A. J. Kynett, also of Philadelphia, were present on the platform.

Dr. McConnell read the treasurer's report of the receipts and disbursements of the board from Nov. 1, 1894, to Oct. 31, 1895. Starting at the first of this period with $10,042.98 in the general fund, the receipts of the board were as follows: Conference collections, $127,743.69; personal gifts, $11,871.81; bequests, $6,776.65; interest, $23,796.23; architectual plans, $949.00; donations returned, $100.000; total, $171,237.38.

The principal disbursements were: Donations to churches, $103,399.24; interest, $37,850.38; architectual plans, $685.76; office expenses, $2,527.82; salaries and traveling expenses, $20,195.00.

The general report of the board was next read. It showed that in the twenty years of the board's existence the receipts had been $5,498,803.25 with which amount 9,767 churches had been aided, the number for the year just closed having been 302. During the year applications from eighty-five churches for donations and loans aggregating $57,800 had been refused for lack of funds or other reasons. The greatest receipts for church extension work in any one year were in 1892, when they aggregated $206,371.91, declining since then because of the business depression, but showing a slight increase in 1895 over the preceding year. The largest receipts from conference collections were $158,940.27, also in 1892.

The report showed that eighty less churches have been aided during the last year than during the preceding year, and 234 less than during the year before that. This decline arises partly out of reduced receipts and partly out of large grants to a few churches. Continuing, the report makes this startling charge of churches' ingratitude to churches: "Since the organization of this work we have aided 9,767 churches. We fear that a majority of the churches adied are as forgetful as were the nine of the ten lepers healed by our Savior, and our partial examination indicates that the churches receiving the most, return the smallest percentage."

The committee decided that it would ask the churches to contribute $315,250 to this church extension work during the coming year. Of this amount it was decided that $50,000 be made a contingent fund, $15,000 an emergency fund and $24,000 set aside for office expenses. The committee will consider how the amount of this fund— $315,250, less the $50,000 for contingent fund, $15,000 emergency fund, and $24,000 for office expenses—shall be apportioned to be expended among the over 116 conferences. This will be a long and difficult duty.

CHRISTIAN WORKERS.

Ninth Annual Convention Begins at New Haven, Conn.

New Haven, Conn., Nov. 8.—The ninth annual convention of Christian workers in the United States and Canada began here yesterday. This convention is held under the auspices of the Christian Workers' Association, an organization consisting of many thousands of pastors, business men, mission workers, evangelists, and others who are engaged or interested in active Christian efforts among the class not reached by the ordinary ministrations of the church. The following are a few of the many topics to be considered: Social and college settlements, various forms of open air work, Christian effort among lumbermen, miners, street car men, policemen and firemen; the rescue of fallen women, temperance work through gospel effort or moral suasion, Christian endeavor among foreign peoples, philanthropic work of churches, missions, hospitals, orphanages, penny savings banks, loans and relief bureaus and lodging houses.

Ohio's Republican Plurality.

Columbus, Ohio, Nov. 8.—The Republican state committee last night figured the Republican plurality for governor in Ohio at 95,348. The Democrats carried only twenty-six of the eighty-eight counties in the state. No effort has been made to figure the total vote cast, but it is believed to be one of the largest in the history of the state. The official count will not materially change the net results.

GUARD THE COURTHOUSE.

Serious Trouble Probable in Denver Over Election Frauds.

Denver, Col., Nov. 8.—Armed men pace the hallways of the courthouse and no one is allowed to enter the building. The doors are closed and barred, and anyone who attempts to reach the building is warned to turn back. Inside the courthouse are the ballot boxes and outside the indignant voters, angry at the manner in which the returns have been "manipulated," and the alleged counting out of one or more of the candidates on the taxpayers' ticket. Wednesday night County Clerk Lebert, a Republican, conceded the election of George J. Kindel, one of the taxpayers' candidates. Yesterday he announced that Kindel was defeated and he (Lebert) had been elected by a majority of 100. When Kindel heard this, he inquired for Lebert, then left. No sooner had he gone than a force of deputies cleared the halls. After Kindel's election was admitted by 56, it is said no more returns were received, and then came the change giving Lebert a majority. Kindel, in an interview, stated that he would back up his shotgun argument. There is considerable excitement in the city over the affair, and if Kindel is counted out there is likely to be lively scenes in the courthouse.

AVENGED HIS CHILD.

Baltimore Farmer Kills the Betrayer of His Daughter.

Baltimore, Md., Nov. 8.—A second murder only a day after the brutal assassination of Captain Frederick Lang and his wife, a wealthy old couple at Gardenville, Baltimore county, has caused great excitement. Zachariah Jolly, a young fisherman who lived at Middle River, twelve miles from here, had betrayed Mary Messenger, the 20-year-old daughter of John Henry Messenger, a well-to-do farmer of the same locality. Messenger swore to kill Jolly and when the latter left the Middle River polling place on Tuesday night Messenger, it is supposed, followed him to a lonely spot near a railroad and stabbed him in the back. Messenger, when he learned that he was suspected, fled and has not yet been captured.

Indiana Y. M. C. A. in Session.

Terre Haute, Ind., Nov. 8.—There are 175 delegates present at the opening session of the twenty-sixth annual state convention of the Young Men's Christian association, which is the largest first day's attendance on record. The committee on nominations had no candidate for president, but is looking about for a railroad man for the position. W. S. Roney of this city, auditor of the Vandalia road, was elected vice-president and other officers were chosen. The report of the executive committee shows an increase in membership during the year from 5,634 to 6,765. The total current expenses for the year were $49,497. The value of property in the state is $326,300 in real estate and $23,495 in furniture.

More Chinese Rioters Executed.

Foo-Choo, Nov. 8.—The five vegetarian leaders in the massacre of missionaries at Hwasang were publicly beheaded here at 9 o'clock yesterday morning. Before they were put to death there was an imposing ceremony in a tent on the execution grounds. The members of the American and British consular commission who went to Kucheng to watch the trials, the Chinese prefect of the province, two native magistrates and many Americans and Europeans were present. There was a procession to the execution grounds, arranged to impress the natives. Arrests of persons implicated in the massacre continue to be made at Kuchen.

Nebraska Election Returns.

Omaha, Neb., Nov. 8.—Complete returns from thirty-two counties and incomplete returns from thirty-eight more give Norval (Rep.), supreme bench, 54,794; Maxwell (Pop.), 46,509; Mahoney (administration Dem.), 12,018; and Phelps (silver Dem.), 5,639. The only surprise in the state returns is the relative vote of Mahoney and Phelps. The prophets all agreed that Phelps would outrun Mahoney two to one. The reverse will prove true. Gold men say this is significant of the fact that the free silver movement is ebbing away and can no longer be made an issue in this state.

Delays Likely for Durrant.

San Francisco, Cal., Nov. 8.—Theodore Durrant will be taken to court today ostensibly to be sentenced for the murder of Blanche Lamont. There is little prospect, however, that sentence will be pronounced. Attorneys for the defense will move for a new trial, and this motion will entail a continuance. They will be entitled to two weeks in which to prepare their brief, and it is understood that they will avail themselves of their full time.

J. W. Cadman Dead.

Chicago, Nov. 8.—J. W. Cadman, uncle of President Cleveland, who shot himself several days ago, died at the county hospital at 2 o'clock this morning from the effects of his wounds.

RUSSIA IS READY TO ACT AT ONCE

MAY OCCUPY ARMENIAN TERRITORY.

The Reports to This Effect Have Caused Uneasiness Among the Other Treaty Powers—Dissatisfaction in Turkey Spreading Among All Classes.

Constantinople, Nov. 8.—There is a report here, apparently well founded, which causes uneasiness not only to the Turkish government, but to the treaty powers also. It is said that unless there is an amelioration of the condition of affairs Russia will occupy Armenia simultaneously with the holding of the European conference.

The most grave turn in recent events lies in the fact, established beyond doubt, that the dissatisfaction extended to the army and navy, and that the palace officials are well aware of this fact and are in a state of the greatest alarm. Nobody here would be astonished to hear at any moment of an outbreak in the palace itself; in fact, people who are well versed in Turkish affairs assert that this is among the immediate probabilities, and that only a prompt show of force upon the part of the European fleets can avert it.

The Constantinople correspondent of the London Standard sends an interview with Said Pasha, in which he says he could not claim that the Turkish administration was snow white, but it was certainly not as black as it was painted. The ministers, he said, were working hard to carry out the scheme of reforms and counted upon Britain's generosity not to increase the difficulties by encouraging the revolutionary Armenians, who, instead of being grateful for the concessions that had been made, were in open revolt throughout Asia.

A dispatch to the Standard from Vienna says it is believed the changes in the Turkish ministry are intended to abbease Mohammedan disaffection, and are not a demonstration against Britain, although Kiamil Pasha, the outgoing grand vizier, was the most pro-English of the pasha.

The only hopeful sign in the outlook, according to the opinion of the Daily News correspondent, is the report that the troops at Erzeroum, under Shakir Pasha, high commissioner, to enforce the Armenians reforms, have attacked a Moslem mob, which had formed with a purpose of doing mischief to the Armenians. "If this is confirmed," the correspondent thinks, "it will show that Turkey really desires that the massacres shall cease."

A cipher letter received from Erzinghian, headquarters of the notorious Zekki Pasha, commander of the troops at the time of the Sassoun massacre, states that 2,000 Armenians have been killed during the late disturbance.

Armenians Act in Paris.

Paris, Nov. 8.—At a meeting here of delegates representing Armenian colonies in various parts of Europe it was resolved to address a supreme appeal to the six powers which signed the Berlin treaty, urging immediate intervention to stop "the methodical extermination of the Armenians which is being carried on by the Ottoman government."

RETURNS FROM MARYLAND.

Official Vote of the State Gives 20,000 Republican Plurality.

Baltimore, Md., Nov. 8.—The official total vote of the State is: Lowndes, 125,018; Hurst, 105,905; republican plurality, 19,113. In 1891 the vote for Governor was: Brown (dem.), 108,530; Vannost (rep.), 78,388; democratic plurality, 30,142. The republican plurality on the total congressional vote last year was 2,474. The republicans have elected sixty-five out of ninety-one members of the house of delegates. In the senate they will be in the minority, the eleven democratic holdover senators saving the opposition party. The senate will stand fourteen democrats, twelve republicans, but it is not at all likely that the anti-Gorman senators, of which there are three, will combine with the republicans in organizing. A republican will certainly succeed United States Senator Gibson.

May Abandon Free Silver Issue.

Birmingham, Ala., Nov. 8.—A conference will be held here to-night between United States Senators Morgan and Pugh and free silver members of the Alabama congressional delegations to determine whether or not they will continue the prosecution of the free silver campaign inaugurated by the democratic party in this State. Leading democrats are seriously considering the advisability of stopping all discussion of currency inside the party and turning their attention to reuniting the democratic party for the coming contest.

Illinois Y. M. C. A.

Peoria, Ill., Nov. 8.—The twelfth annual convention of the Young Women's Christian association of Illinois convened here last night. Already there is a fair attendance, about 100 delegates from all points of the state having registered at the Y. W. C. A. headquarters on South Jefferson avenue. In the afternoon informal greetings were exchanged at the Second Presbyterian church, where the meetings of the convention are to be held, and at night a large congregation heard the opening addresses and the convention sermon.

CANNOT YET TELL HOW MANY DIED

DEATH LIST OF THE DETROIT EXPLOSION GROWING.

Nineteen Corpses Added to the Record As the Result of Yesterday's Search—Disaster Claimed to be Due to the Carelessness of the Engineer—Other Accidents.

Detroit, Mich., Nov. 8.—The rescuing of the bodies of the victims of Wednesday's explosion in the Journal building went steadily along all day yesterday and last night. The list of missing decreases about correspondingly with the number of bodies taken out. Thirty-five bodies have now been recovered, two unidentified. The following is a list of those recovered yesterday, and is in addition to the dead reported Wednesday. The additional dead:

BRADLEY, JOSEPH, carpenter.

DERBY, JOHN F., carpenter.

BRETZ, ROSA, remains frightfully burned and mutilated.

FRETZ, LUE, employe Dunlap & Co.

HILLER, CATHERINE, forewoman Hiller's bindery.

HILLER, GEORGE J., proprietor Hiller's bindery.

LICHTENBERG, EMMA, employe Hiller's bindery.

UNKNOWN MAN.

UNIDENTIFIED GIRL, body found at 2:15; lower extremities burned off.

WEIDBUSCH, ALMA, employe Hiller's bindery.

The number changes frequently on account of new and ghastly discoveries brought to light in the ruins. The number killed will approximate forty.

Yesterday's developments demonstrate conclusively that negligent care of the boilers was the cause of the catastrophe. Official inspectors and competent engineers examined portions of the wrecked boilers and pronounced the cause as low water, causing a superheated condition of the flues, which was followed by the dangerous injection of cold water.

Engineer Thompson's carelessness is strongly condemned. The engineer of the Free Press building says that he had previously warned Thompson against leaving his boilers without having any assistant to watch them. Some occupants of the building give similar testimony. Thompson insists that he saw both boilers ten minutes before the explosion, and that they contained plenty of water, and sixty-five pounds pressure of steam. Thompson will probably be held by the coroner's jury.

The portion of the building still standing was officially examined yesterday and found to be out of plumb, wrenched by the shock, and otherwise defective. It will doubtless be condemned.

Fatal Wreck on the Burlington.

Cedar Rapids, Iowa, Nov. 8.—One man was killed and three were injured in a wreck on the Burlington, Cedar Rapids and Northern road between Spirit Lake and Superior early yesterday morning. The dead:

KING, W. E., Iowa Falls.

The injured:

Mattice, ——, brakeman; foot badly sprained. Preston, Arthur, Cedar Rapids, engineer; leg broken. Shoemaker, ——, fireman; chest crushed.

It was necessary to double over the grade and the engine in backing up for the second section crashed into the cars with terrific force.

Giant Powder Explodes.

Calumet, Mich., Nov. 8.—Samuel Polkinghorn and Samuel Kent, two Cornish miners employed in the Tamarack, Jr., mine, while attaching a fuse and fulminating caps to giant powder were instantly killed by an explosion. The men had fifty sticks of powder with them and were blown into fragments. It is supposed the accident happened through the discharge of a fulminate of mercury cap, which is easily exploded.

SHOT FROM AMBUSH.

Arkansas Sheriff Meets the Usual Fate of the Southern Officers of the Law.

Little Rock, Ark., Nov. 8.—J. B. Wilson, ex-sheriff of Faulkner county, thirty miles from here, was shot from ambush Wednesday night and died early yesterday morning. Wilson is said to have been one of the most fearless men in the county, and was en route to the scene of the Albert England lynching, near Vilonia, accompanied by a man named Dallas, at the time he was shot. Rewards aggregating $850 have been offered for the lynchers of England, and as Wilson knew every man in the Vilonia settlement, it is known one of his murderers shot Wilson. The entire county has organized into a searching posse, and is scouring the county in hopes of capturing the guilty parties. Governor Clarke will offer additional rewards for Wilson's murderer if he is not caught and lynched soon.

A Chance for the Big Fight.

Dallas, Tex., Nov. 8.—After a lull in the pugilistic excitement for a few days, matters have taken a new and fresh start. "I leave for El Paso to-day," said Dan Stuart, "and I think the place and time for Corbett and Fitzsimmons to settle their difficulties, which have agitated the public mind for the last four or five months, will be found and fixed between now and the holidays. The whole sporting world is in a mood to see this championship matter settled in the ring."

END OF AUSTIN REGATTA.

English Four-Oared Crew Wins the Final Race—Gaudaur Still Champion.

Austin, Tex., Nov. 8.—Jake Gaudaur of Canada is still champion of the aquatic world. The contest was over a mile and a half course, and the trophies were the championship Richard K. Fox cup and a purse of $1,000. The starters were Bubear and Haines of England and Jake Gaudaur and Ras Rogers of America. Gaudaur won with five boats lengths' lead, came down the course under an easy thirty-one stroke and won the race in 20:59. The four-oared race followed. This race was over a mile and a half course with turn, three miles in all, for the championship of the world and a purse of $1,500. The starters were Bubear, Berry, Haines and Wingate for England and Teemer, Rogers, Charley Gaudaur and Jake Gaudaur for America. The English crew gained the lead in the first ten lengths and kept it on the course by about three boat lengths, though the American crew closed the gap somewhere near the mile and a half flag. The English team turned first and on the return course, at the three-quarter flags, they were leading by five boat lengths. The Americans spurted at the half flags for about five lengths only, when they gave out. From there to the finish the Englishmen had three lengths' lead and the two boats passed over the line in that position. Time of race, 17:20½. This concludes the regatta.

DEFEAT INSURGENTS.

Fierce Battle Reported from Cuba—Spaniards Were Victorious.

Havana, Nov. 8.—An important engagement occurred Wednesday at Cayo Espino, near the border between Santa Clara and Matanzas, in the southern part of the island. The column of troops commanded by Col. Luis Melina, the forces of the civil guard, and a battalion of the Maria Cristina regiment had an engagement with the insurgent bands at Lacret Nunez and Perequito Perez. The action was fiercely contested, and lasted from 2 o'clock in the afternoon until into the night. Official reports state that under cover of the darkness the insurgents fled. In the morning it was found that they had left upon the field thirty killed, and a large number of wounded. The reports state that the troops lost on their side one officer and seven soldiers killed and a number wounded.

Women Choose Officers.

Oberlin, Ohio, Nov. 8.—At yesterday's session of the national convention of the non-partisan W. C. T. U. the following were appointed delegates to the Washington convention of the anti-saloon league: Mrs. Cornelia Alford, Mrs Ellen J. Phinney, Mrs. T. M. Watson, Mrs. M. A. Hepburn and Mrs. Anna Wittemeyer. The election of officers followed, Mrs. Cornelia Alford, of Mississippi, being chosen president. The treasurer's report showed a balance of but $150. Liquor cures were discussed, and instances of good results were cited. In the evening an address was delivered by Mrs. H. M. Ingham, of Cleveland, who made an eloquent appeal for renewed effort.

British Expedition Against Ashantee.

London, Nov. 9.—The Chronicle is officially informed that the war office has arranged for an expedition to Ashantee. This leaves no further doubt of the accuracy of the report from Accra, on the gold coast of Africa, that the king of Ashantee had declined the ultimatum offered him by Great Britain to the effect that the king should have a British commissioner in his country, and that he should place Ashantee under British protection. The dispatch of the expedition indicates that Great Britain is determined to reduce the king of Ashantee to complete subjection.

Bradley's Plurality Growing.

Louisville, Ky., Nov. 8.—The returns sent in up to last night give Bradley a plurality of over 17,000, and the few counties not yet heard from, some seven or eight, including those from which only incomplete returns have been received, are expected to swell the figures above 17,000. With returns from two districts missing, the lower house of the legislature stands fifty Republicans, forty-six Democrats and two Populists. The senate will stand twenty-two Democrats and sixteen Republicans. The Populists will hold the balance of power on a joint ballot unless the Democrats carry two of the doubtful legislative districts, and this is almost an impossibility.

Corn Must Be Inspected.

New York, Nov. 8.—The produce exchange is in receipt of a notice from the Italian consul, sent for the benefit of merchants and shippers. The notice stated that hereafter no cargoes of maize (corn) will be admitted to Italy from any foreign ports unless they are accompanied by a consular certificate that said maize is in a perfect state of preservation. The consul must inspect all grain before it is put on board vessels.

Pluralities in Utah.

Salt Lake, Utah, Nov. 8.—The supreme court judges on the Republican ticket receive nearly the same pluralities as the governor. The vote as far as counted shows Wells, for governor, 2,300 ahead, and Allen, for congress, 400 ahead. The final count will not vary much from these figures. No further returns have been received from the legislative ticket.

SHELL LAKE BANKER TO BE LOCKED UP

WARRANTS ISSUED FOR PRESI— A. C. PROBERT.

He Failed to Keep His Promise Made to the Depositors in the Closed Savings Institution—Ex-Cashier Lewis of Kenosha, Makes An Assignment.

Spooner, Wis., Nov. 8—[Special]—Warrants were issued today for the arrest of A. C. Probert president of the Shell Lake Savings Bank on the charge of embezzlement and illegal banking. In 1893 $70,000 disappeared from the bank and the institution was closed. The depositors gave Probert two years time to pay the claims in full. This he failed to do, hence his arrest now.

Kenosha, Wis., Nov. 8—[Special]—U. J. Lewis, formerly cashier of the Dan Head & Co. bank here, today made an assignment. His liabilities and assets are not yet known. The affairs of the bank are now looking brighter as notes to the amount of $6,000 which could not be accounted for have turned up and more are expected to be brought in.

Second Dahlberg Child Dead.

Superior, Wis., Nov. 8.—The little Dahlberg girl who was seriously burned by the burning of her home Wednesday died in the hospital, and Mrs. Dahlberg, who was carried out, is in a dangerous condition, having given premature birth to a daughter, owing to the excitement.

BAYARD'S ADDRESS.

American Ambassador to Great Britain Talks of Liberty.

Edinburgh, Nov. 8.—The annual meeting of the Edinburgh Philosophical Society, an event which attracts the leaders of modern thought from all Europe, was addressed yesterday by United States Ambassador Thomas F. Bayard. He chose for his subject "Individual Liberty the Germ of National Prosperity and Permanence," taking the ground that modern progress has been due more to the efforts of individuals than those of aggregations of men. The paper was a scholarly and patriotic address in which the institutions of the United States were glorified, and upon it Mr. Bayard had evidently devoted much labor. After alluding to the preparations for war on land and sea, which, he asserted, were never so formidable as today, to the increasing burdens of militarism, and to the hostile attitude assumed towards each other of capital and labor, Mr. Bayard remarked: "The movement of today is towards state socialism as an opposing force to aristocracy, either of which is despotism."

CHANGES IN SENATE.

Recent Elections May Give Republicans a Majority.

Washington, Nov. 8.—As a result of the latest election returns the republicans gain five United States senators, two from Utah and one each from Kentucky, Ohio and Maryland, and the democrats lose three senators, one each from Kentucky, Maryland and Ohio. None of those changes become effective, however, until March 4, 1897, except in case of the two Utah senators, who will take their seats as soon as chosen. The numerical strength in the senate will be as follows: Republicans, 44; democrats, 39; populists, 6; vacant (Delaware), 1; total, 88. If the Delaware vacancy is filled by a republican it will give a republican majority in the upper branch of congress.

Spring Valley Riot Cases.

Princeton, Ill., Nov. 8.—Twelve witnesses testified yesterday in behalf of the defense in the Spring Valley riot cases, but did not strengthen the alibi theory. John Tauer, of the defendants, was named by various witnesses as being in two different places during the riot. Two witnesses for the defense testified that Paul Yerley, another defendant, was with the crowd at the time Mayor Delmagro drove up before the assaults took place, and three other witnesses testified that Yerley did not reach the "location" until the trouble was all over and the mob had left.

Women Suffragists Pleased.

Boston, Mass., Nov. 8.—The majority given on Tuesday against municipal suffrage for women in Massachusetts was 77,000. The suffragists, represented by Dr. Henry B. Blackwell, say that they are much encouraged by this result, considering the small amount of money which they could use and the short time for work. The "yes" vote of 107,000 reveals to them thousands of new friends, they say, and they will begin at once the organization of new clubs to carry on the agitation and to secure municipal suffrage from the legislature.

Hinshaw in the Penitentiary.

Jeffersonville, Ind., Nov. 8.—Rev. William E. Hinshaw, convicted of having murdered his wife, was received at the Indiana prison, south, yesterday morning. In company with a guard he was escorted to the tailor shop, his measurement taken, and his description, scars and general make-up noted. His suit of stripes was handed him and then he was taken to the bathroom, where he divested himself of his fashionable suit of clothes to don a prison garb. He looked the picture of despair.

CENTER CREAMERY CHANGES HANDS

VANKIRK & BOOTT SELL TO R. R. CARLSON OF FOOTVILLE

Former Janesville Grocery Man Will Devote All His Time to His Retail Business—Center Grange Reviving—Legal Proceedings At Milton—Other County News.

Center, Wis., Nov. 8—The Center creamery Company have disposed of their entire plant to R. K. Carlson of Footville. Mr. Carlson is a gentleman of wide exprience in the business and although the community regret the retirement of Messrs. Vankirk & Boott they are pleased to see the management pass into as competent hands as it has. Fred Vankirk will give his entire attention in the future to his retail business and the residents in and around Center can be assured of even better service than in the past in his line. Mr. Boott has not as yet decided what he will do. It is hoped he stay with us. The Cemetery Association have at last got a move on themselves and from present indications we will have the neatest and best improved grounds in Rock County. The power of the press is great to stir up country communities. The Center Grange has had a boom. About twenty five members were added to their working force last week by initiation and reinstatement. The farmer whose shock corn is still untouched, wears a ten by twelve smile since the welcome rains of the past few days, several of our residents had already resorted to the shredder or separator to secure what they could of the fodder that the winds and droughts had left them. Rev. Spencer of Chicago occupied the pulpit of the Chrsstian church last Sunday in response to a call from the congregation. It is thought he can be secured to fill the vacancy caused by Rev. Goodacre's resignation and if such is the case it will give universal satisfaction. Mrs. Fred Schroeder is slowly recovering from her severe illness of the past few weeks. Quite a delegation attended the Masonic party at Footville Thursday night. The "Home Forum" gave a chicken pie social and entertainment at Will Cory's house Tuesday night that was largely attended from Footville, Evansville and surrounding suburbs, The Literary society will meet next Wednesday evening at 7:30. All members are requested to be present at that time. It is a common occurence to see parties returning from Janesville, stop at our store and purchase goods, showing that Fred Vankirk's prices must be about right. Mrs. Lina Snyder is confined to the house by a severe attack of neuralgia. Rev. Goodacre will remove his family to Footville next week. Hon. Seth Fisher is making a number of sales of blooded stock. Center raises that kind. Fred Vankirk is handling the best stock of goods ever in Center, and is making some extra interesting C. O. D. prices on all the staple goods. Give your postmaster your subscription for the Gazette, received twice a week at only $1.50 per year.

MILTON MAN APPEALS TO LAW.

Frank Webster Wants George Wait Put Under Bonds—Hog Cholera Feared.

Milton, Nov. 8—On Tuesday George Wait, whose home is at Whitewater, was on trial before Justice Stillman, being charged by Frank Webster with threats against the person of said Webster, who asked that he be put under bonds to keep the peace. J. C. Goodrich appeared in behalf of the state and F. M. Dyer for the defendant. After assimilating and digesting the evidence the jury rendered a verdict of not guilty. This was Mr. Goodrich's first appearance here in the role of an attorney, and while he did not win his maiden case, those who were present think that the mantle of legal lore that has so long enveloped Ezra will be worthily worn by his son. The Blind Boone concert Tuesday evening was listened to by a large audience, who gave evidence of their appreciation by repeated encores. His best numbers were "Last Hope," "Gottschalk" and "Caprice de Concert," Boone. The descriptive composition, "Marshfield Tornado," was realistic, and his imitation of a fife and drum and a music box was marvelous. Miss Lottie Maxson kindly consented to play a selection which Boone immediately reproduced, showing his wonderful memory. The vocalist, Miss May, has a sweet voice, but not of sufficient power for concert work. Hog cholera is approaching uncomfortably near the pens of Milton farmers and they are using all sorts of remedies as a preventative, but if your hogs are in shipping condition the wisest plan is to dispose of them. This week Mrs. Abbey of Chicago, has been serving excellent coffee and biscuit at Dunn Bros. & Company's in the interest of that firm and Sprague, Warner & Co. Miss Charlotte Maxson appears in a musical entertainment at Madison next week. Rev. W. F. Millar and wife are enjoying a visit in the northern part of the state. Thanksgiving services this year at the Methodist church. It is a union service and Rev. G. R. Chambers of the Congregational church will preach. Mr. and Mrs. C. E. Potter of Whitewater, visited Milton relatives this week. A Demorest medal contest will be held at the Congregational church next Thursday evening, under the auspices of the Harmony W. C. T. U. Admission ten cents. Road Commissioner Coon and his men have been picking up loose stone from the highways much to their betterment. A. O. Friddell has been improving slowly but had a relapse this week. He is some better however, at the time we write. The rain this week has done much good and its continuance for a a week or two would cause no alarm. Remember the G. A. R. campfire occurs on Tuesday, November 19, at the Seventh Day Baptist church. It is the event of the season.

HAVE FOUR NIGHTS OF OPERA

Columbia Company Will Return to Janesville Next Week.

The Columbia Comic Opera Company will return next Thursday evening and commence a three night's engagement with a change of opera nightly. After careful deliberation the mangagement have decided to make the prices for the engagement 10, 20 and 30 cents. At first this may seem impossible but when it is considered that a large sum of money is saved on railroad, printing, baggage transfer and other expenses added to the fact that the excellence of the organization insures packed houses at these figures, the effort is at least worthy of trial. In remaining three nights the public gets the benefit of the superfluons outlay before mentioned.

It is expected that the Myers Grand will be packed to the doors at each performance. "Said Pasha," "Black Hussar," "Bohemian Girl" and "The Mikado" will be sung.

IT has been held that consumption is hereditary, and the fact that one person of a family had died with consumption was considered a sure sign that others of that family could not escape it. This is partly true and partly untrue. A man with weak lungs is likely to transmit that weakness to his children. But there is no reason in the world why the weakness should be allowed to develop.

Keep the lungs full of rich, red, wholesome blood, and the weakness will disappear. Decaying tissues will be thrown off, and new material will be builded until the lungs are well and perfectly strong again. This is the thing that Dr. Pierce's Golden Medical Discovery does. This is what makes it cure 98 per cent. of all cases of consumption where it is taken according to directions. It searches out disease germs, wherever they may be in the body and forces them out of the system. It supplies the blood with rich, life-giving properties. It makes the appetite good, digestion perfect. Sold by all medicine dealers.

PREPARING WIRES FOR WINTER

Telephone Company are Getting Ready for The Coming Cold Weather.

An inspection of the Wisconsin Telephone Company's lines has been progressing for the past few days, the object being to prepare them for the winter service. Manager Willitz says that during the summer the lines sag, so that in the fall the "slack" wire has to be taken up. The poles are also receiving attention, as it is easier to replace them now than to wait until the ground is frozen and the digging is difficult.

STEAMER "DISPATCH" IS RAISED

Boat that Sank With All on Board Reclaimed at Geneva

Janesville visitors to Lake Geneva will remember the steamer Dispatch, which sank with all on board some time ago, drowning Father Hogan of Harvard, and four others. When the diver went down in search of the bodies he anchored a rope to the hull of the boat and a buoy on the surface has since marked its location. Last week a steamer hitched to the rope and towed the Dispatch to the shore, where it is now being fitted up for service again next season. The boat is in good condition, although some of the machinery is lost.

From Another Point of View.

"I thought you said that you would never marry," said the "old woman" when the "new woman" had told of her engagement.

"Well, I did," admitted the "new woman" candidly.

"You asserted, as I recall it," went on the "old woman," "that a progressive woman, like yourself, should devote her time to the work of enlarging woman's sphere of action, and that for that absolute freedom was necessary."

"I still maintain it."

"But marriage—"

"My dear, the sphere of action is all right, but upon looking at the marriage question from another point of view I discovered that I was wrong as to that feature of our grand new movement. I must have some one to support me while I am enlarging the sphere."—Chicago Evening Post.

An Overworked Invalid.

Doctor—Have you tried the seashore?

Invalid—Yes, I tried it once, but it's too hard work. Dressing and undressing is very tiresome.

"I don't quite understand?"

"Well, you see the doctor I had there said I must take a whisky toddy after each bath."

"Yes, but suppose he did?"

"It keeps me in bathing all the time."—Texas Siftings.

Too Old-Fashioned.

Struggling Author—You say my book won't do?

Publisher—No, sir. It's too old-fashioned.

Struggling Author—How "old-fashioned?"

Publisher—Your plot is a plot, your characters have characteristics, and when they talk they say something.—N. Y. Weekly.

Alloyed Happiness.

"It must be delightful," said the ordinary married woman, "to be earning your own living and more, too."

"It has its drawbacks," said the business woman. "Every time I go to a bargain sale and save seventy-five or eighty cents on purchases I lose two or three dollars' worth of time."—Indianapolis Journal.

Didn't Want Him.

"I'm going a-nutting," she gayly said.

"May I go with you?" inquired young Woodby Witte.

"What for?"

"Why, to talk to you."

"Oh," she rejoined naively; "I'm not going chestnutting." — Washington Star.

Changes of Climate

Kill more people than is generally known. Particularly is this the case in instances where the constitution is delicate, and among our immigrant population seeking new homes in those portions of the West where malarial and typhoid fevers prevail at certain seasons of the year. The best preparative for a change of climate, or of diet and water which that change necessitates, is Hostetter's Stomah Bitters, which not only fortifies the system against malaria, a variable temperature lamp, and the debilitating effects of tropical heat, but is also the leading remedy for constipation, dyspepsia, liver complaint, bodily troubles specially apt to attack emigrants and visitors to regions near the equator, marines and tourists. Whether used as a safeguards by sea voyagers, travelers by land, miners, or of agriculturists in newly populated districts, this fine specific has elicited the most favorable testimony.

1723—Captain John Byron, English navigator and naval commander, born; died 1786.
1772—William Wirt, celebrated American lawyer and author, born in Bladensburg, Md.; died 1834. Wirt became noted for eloquence. He was admitted to the bar in 1792 and settled in Virginia in 1795, at Richmond, having married a Virginian of a distinguished family. In 1803 a very popular work, called "Letters of a British Spy," appeared from his pen. Later in life he published a highly esteemed work on Patrick Henry. At the trial of Aaron Burr for treason, Wirt acted as one of the counsel for the prosecution. The anti-Masonic party nominated him for president in 1832.
1793—Mme. Roland guillotined at Paris.
1794—Warsaw fell, and the second partition and final extinction of Poland followed.
1871—Captain Charles Francis Hall, arctic explorer, died; born 1821.
1883—Francis Parkman, eminent American descriptive writer and historian, died at Jamaica Plains, Boston; born 1823.

ALL REPUBLICAN.

As returns came in from the "back districts" republican joy increases. All the republican states and all the doubtful states were carried by the republicans, the former by immense majorities, and the latter by majorities which even the most sanguine republicans did not expect. Not only have Massachusetts, Pennsylvania, Ohio and Iowa been swept by the republicans, but the republicans have also carried New York, New Jersey, Maryland and Kentucky.

This, of course, foreshadows a republican victory in 1896. The party which reveals any such strength as this twelve months before a presidential election is sure to sweep the country in that canvass. There has been no exception to that rule. The republican current may be retarded somewhat between this time and November, 1896, but it can not be arrested. The laws of political dynamics permit this to be predicted with the utmost confidence. In some of the states carried Tuesday the republican majority may not be quite as great in 1896, but in all of them there will be some majority. And this means a large republican preponderance in the Electoral College.

Nothing but the nomination of discredited candidates can rob republican of a great triumph next year.

NO DARK HORSES.

A strong desire is manifest that no dark horses be brought to the front by the republican presidential convention next year. The names of five or six men have been prominently coupled with the nomination including Reed, McKinley, Harrison, Allison and Morton. Some one of those men, the people believe, ought to be nominated. The list is long enough, they appear to think, and the difference in attributes and temperament which it represents is great enough to allow all needed liberty of choice in the selection. All of these men are well known to the country; each has his legions af admirers, and each is personally competent and worthy. Out of this list somebody could be chosen who could guide the ship of state safely and satisfactorily for the next four years.

Why should the arraignment of the men who have grown rich out of the horrible convict lease system, by an investigation committee of the Georgia legislature, create a sensation at the capital of that state? The committee found out nothing new. The facts have all long been known and yet the Georgia legislature sent the king of the convict lease system to represent the state in the United States senate. It is rather late for Georgia to get ashamed, but "'tis better late than never."

If the democratic party follows the advice of ex-Governor Russell of Massachusetts and makes its presidential campaign on the issue of free coal and iron and a further extension of the free list, it will be so badly beaten that it will never make another national campaign.

Senator Harris, of Tennessee, has signified his willingness to remain president pro tem of the senate under a non partisan reorganization, which shall be "just and equitable to all." If there is a more pronounced partisan in the senate than Mr. Harris his name escapes us just now.

YOU ALL KNOW IT. . .

THE SHIRT MY FATHER WORE.

[From the Chronicle.]

My father bought an undershirt
Of bright and flaming red—
"All-wool," I'm ready to assert,
"Fleece dyed," the merchant said.
"Your size is thirty-eight, I think,
And forty you should get,
Since all wool goods are bound to shrink
A trifle when they're wet."

That shirt two weeks my father wore—
Two washings, that was all—
From forty down to thirty-four
It shrank like leaf in fall.
I wore it then a day or two,
But when 'twas washed again
My wife said: "Now 'twill only do
For little brother Ben."

A fortnight Ben squeezed into it,
At last he said it hurt—
We put it on our babe—the fit
Was good as any shirt
We ne'er will wash it more while yet
We see its flickering light,
For if again that shirt is wet
'Twill vanish from our sight.

We are agents for the JAROS. Cannot shrink. Fits like a glove. You can get along without an overcoat. You can keep well without Jaros Hygienic Underwear, but it isn't so easy.

DR. JUDD IS LAID TO THE FINAL REST

FUNERAL SERVICES WERE HELD THIS AFTERNOON.

The Attendance Was Large and the Floral Offerings Particularly Handsome—The Last Services Held Over the Remains of Mrs. Harriet McKey This Afternoon.

In the final resting place in Oak Hill cemetery, all that was mortal of Dr. Thorwaldsen Judd was laid this afternoon. The funeral services were held in the Presbyterian church at 2 o'clock, and conducted by the pastor, Rev. E. H. Pence. There was a large attendance, many friends being present that they might pay a last tribute to a man universally loved and respected. The members of Oriental Lodge No. 20, Knights of Pythias, of which organization Dr. Judd was a member, were present in a body, as was also the Sunday school class that he took so much pride in teaching. The floral offerings were especially beautiful. The Birthday club token was a handsome design representing a broken circle. It was composed of pink and white roses, lillies and ferns, and on a white card, edged with a border of black, was inscribed the names of the members: F. S. Baines, C. C. McLean, F. M. Marzluff, F. D. Murdock, C. N. Vankirk, J. L. Spellman, P. J. Mouat, W. W. Porter, J. P. Baker, B. F. Nowlan, H. C. Stearns, F. C. Burpee, J. C. Wilmarth, C. P. McLean, O. D. Rowe and Charles L. Clark.

The Knights of Pythias sent a triangle in the fraternity colors, red, yellow and blue. From the dentists of the city came a design suggestive of the profession, the flowers being roses and carnations. A wreath of roses told of the sorrow of the Presbyterian Boys' Brigade, and a large pillow came from the members of the old Janesville Guards. There were many other flowers sent in by relatives and friends, the front of the church being a mass of bloom.

The pall bearers were Captain Edward Ruger, Millard F. Calkins, John G. Rexford, J. P. Baker, O. D. Rowe and C. C. McLean.

The Boys' Brigade in uniform formed a guard of honor, they being drawn up in two lines at the entrance to the church. The song service was rendered by a quartette composed of Mrs. C F. Yates, Mrs. E. M. Hyzer, C. N. Vankirk and Dr. O. G. Bennett.

Funeral of Mrs. McKey.

The funeral of Mrs. Harriet McKey was held from Trinity church at 2 o'clock this afternoon, the remains being taken direct to the church from the noon train from Chicago. The rector, Rev. W. H. Wotton, conducted the services, while the song service was rendered by Mrs. Hattie Torrens, Mrs. C. L. Clark, William Garbutt and George G. Paris. The pall bearers were Captain Pliny Norcross, E. T. Foot, H. D. McKinney, J. M. Bostwick, R. J. Richardson and William Ruger. The floral offerings were unusually handsome, and the services were largely attended, among those present being: Judge and Mrs. Tuthill, Mr. and Mrs. Folde, Mr. and Mrs. E. B. McKey, Mr. and Mrs. R. M. McKey of Chicago; Mr. and Mrs. T. F. McKey and Mr. and Mrs. H. T. Smith of Whitewater; and Mr. and Mrs. G. Barbour of Rockford. The interment was made at Oak Hill cemetery.

HARMONY GETS NO NEW ROAD

Commissioners Decide Against Laying Out the Proposed Thoroughfare

Commissioners William Tripp, William Howard and D. M. Barlass met in A. A. Jackson's office and voted against opening a new thoroughfare in Harmony. The road proposed would cross the Milwaukee & St. Paul track and was said to involve much expense. When the question was decided in Justice Prichard's court, therefore, an appeal was taken with the foregoing results.

For Men Only.

In Janesville or out of the city better bargains in silks were never offered. Gros grain is very popular, so is Satin Ducness, and Pean de Soie and the fancy figured silks. BURGLARS AT WORK IN THE THIRD WARD

THREE HOUSES WERE VISITED LAST NIGHT.

Footprints Showed the Course Taken in the Search for a Window that Could be Opened at the Residence of Dr. Mary Lake—H. V. Allen and D. W. Watt Both Awakened.

Burglars paid Janesville another visit last night.

They confined their operations to Milton avenue residences and left without effecting an entrance to any of the houses at which the attempt was made.

The most bold work was done at the home of Dr. Mary Lake. The family occupied sleeping rooms on the second floor and between 12 and 1 o'clock this morning Dr. Lake was awakened by the noise the thieves made. She procured a light and stole softly down stairs. The robbers were working at the window of the bath-room and the office on the first floor. She could hear them plainly, and as she came down stairs, they gave up the attempt at the bath room, and went around to the kitchen. Here the thief stood on a bench while attempting to open the window.

Footprints in the Mud.

By this time the thieves had evidently become alarmed, for the family heard them run down the sidewalk toward the street. This morning the footprints left in the soft earth about the window could be plainly seen, and the bench showed that someone had been standing on it.

The home of H. V. Allen across the street from Dr. Lake's residence was also visited. Mr. Allen was awakened by the furious barking of his dog and scared the robbers away before they succeeded in getting in.

At the home of D. W. Watt, the family was awakened by some one on the tin roof. They listened until they were certain that there was no mistake then lighted the gas. This frightened the robbers and they make haste to take their leave. The work was evidently that of novices.

Chief Acheson sent a couple of spectacle venders out of town today.

GOLDFARB WILL LOSE AN EYE.

The Former Janesville Business Man Seriously Injured at Baraboo.

A dispatch from Baraboo says Samuel Goldfarb, a prominent merchant of that city, was passing through the high school yard yesterday, when the son of City Clerk Worthman threw a stone in a careless manner, striking the merchant in the eye. He was stunned by the blow and will lose the use of the optic. Janesville people will remember Goldfarb as a former partner of John Spivak.

GATELEY SERVES NOTICE TO QUIT

Says That Telephone and Electric Light Poles Are on His Land.

J. H. Gateley says the telephone and electric light poles are a little too thick on his property and he has served notice on the different companies calling for their removal. Mr. Gateley intended to build a walk on the Milton avenue side of his land, but when measurements were taken, it was found that the poles interfered with the laying of a walk of the regular width.

THE LARGE PAINTING PAYS WELL

"Christ Before Pilate" Exhibition Was a Financial Success.

The large and handsome painting, "Christ Before Pilate," which has been on exhibition in this city for the past four days, will next be shown at Rockford. Manager C. W. Putnam says Janesville people appreciate fine art, and his engagement here has proved a success to both himself and the Janesville Art League, under whose auspices the picture was shown.

Overcoats and Ulsters.

I have received from Whittier Burdette & Co of Boston the finest line of men's and boys overcoats and ulsters ever bought at special low prices. Beaver and kersey overcoats will be sold at $5, $6.50, $12, $15 and $18 and $20. The $18 and $10 overcoats are silk lined and worth $25 regular price. The men's ulsters retail from $5 to $20. The $20 ulsters is an imported Irish frieze that retails at other stores for $25. Give me a call and be convinced that I can save you money on overcoats. John Weisend, 21 W. Milwaukee street, opposite Kimball's furniture store.

As the time for the closing of the guessing on the retail value of the great silk window draws nigh the interest deepens. Not every day is $15 poked at one just for a guess; $10 for second best; for third nearest, $5—50 ten-cent loaves of bread. J. M. Bostwick & Sons.

SAY THAT SULLIVAN CARRIED A KNIFE

KATE DAVEY TESTIFIES IN THE CANARY CASE.

She Swore that the Complaing Witness Was Armed, Either With a Knife Or a Razor, She Did Not Know Which, At the Time the Shooting Was Done.

The defense is now having an inning in the case of the state against William Canary. The case of the prosecution was closed by District Attorney Jackson yesterday afternoon. Three witnesses testified in behalf of the defendant this morning, they being Hannah Flaherty, Mary Riley and Kate Davey. The testimony of the former two did not alter the case materially, Mrs. Riley telling the same story as she did at the examination. Kate Davey was sworn shortly before noon. She said that she was an employe of the cotton mills and knew both the defendant and the complaining witness. She said further that when Sullivan entered the Canary home he had something in his hand.

"What was it?" asked Attorney Franklin.

"It was either a knife or a razor" the witness replied.

It is said that the record of the complaining witness will be pretty well gone over, and that a large number of witnesses will be sworn in that connection.

THE BEST OF ALL

IN ALL THINGS AT ALL TIMES.

There are many GOOD life insurance companies, but among them all there must be one BEST. THE BEST is THE EQUITABLE. If you wish to know why, send for: 1, the report of the Superintendent of Insurance for the State of New York on the examination of The Equitable; 2; for actual results of maturing policies; 3, for statement of death claims paid in 1894. Then you will know the three great reasons of The Equitable's supremacy: 1st its financial stability; 2d, its great profits and advantages to living policy-holders; 3d, the promptness of its payments and liberality of its settlements.

The Cut-Throat.

All eyes were turned upon the coarse, squat ruffian, as if impelled by some terrible fascination.

Again the keen blade glittered in the air, and, as if nerved to desperation, the heavy hand closed convulsively upon the handle, and again the social outcast stabbed wildly.

With moans of horror the terror-stricken throng turned, sickened from the sight.

But the Chicago man kept on calmly —eating with his knife.—Puck.

MERITED REWARD.

SALES OF LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

Unequalled in the History of Medicine. Honesty, Excellence, Faithfulness Fitly Rewarded.

[SPECIAL TO OUR LADY READERS.]

Never in the history of medicine has the demand for one particular remedy for female diseases equalled that attained by *Lydia E. Pinkhams* Vegetable Compound and never in the history of Mrs. Pinkhams wonderful Compound has the demand for it been so great as it is today. From Maine to California, from the Gulf to the St. Lawrence, come the glad tidings of woman's suffering relieved by it; and thousands upon thousands of letters are pouring in from grateful women, saying that it WILL and *does* positively cure those painful

Ailments of Women.

It will cure the worst forms of female complaints, all ovarian troubles, inflammation and ulceration, falling and displacements of the womb, and consequent spinal weakness, and is peculiarly adapted to the change of life.

Every time it will cure

Backache.

It has cured more cases of leucorrhœa by removing the cause, than any remedy the world has ever known; it is almost infallible in such cases. It dissolves and expels tumors from the uterus in an early stage of development, and checks any tendency to cancerous humors.

Lydia E. Pinkham's Liver Pills work in unison with the Compound, and are a sure cure for constipation and sick-headache. Mrs. Pinkham's Sanative Wash is frequently found of great value for local application. Correspondence is freely solicited by the Lydia E. Pinkham Medicine Co., Lynn, Mass., and the strictest confidence assured. All druggists sell the Pinkham's remedies. The Vegetable Compound in three forms, — Liquid, Pills, and Lozenges.

While Picking the Bones.

The Tiger—The stupidity of these ostriches makes me tired.

The Tigress—How so?

The Tiger—Why, the way they continue to stick their heads into the sand, in spite of all the advice they have had on the subject.—Puck.

Perpetual Motion.

Men live for awhile, then away they pass,
When their ties with earth they sever;
But the meter with which they measure gas,
Like a brook, goes on forever.
—N. Y. World.

TOO EARLY TO TELL.

"There is certainly a strong odor of tobacco. Does that policeman smoke?"

"I don't know, mum; he only died last week."—Life.

When Mars Was Inhabited.

There are many reasons in favor of the supposition that Mars is more likely to have been inhabited in past ages than at the present time in spite of its atmosphere or water or clouds. Mr. Proctor, for instance, has pointed out that a globe of the size of Mars would cool rather more than two and a half times as quickly as one of the size of the earth. If the earth and Mars were in a similar condition 18,000,000 years ago, Mars would have attained, according to that rate of cooling, to the earth's present condition 7,000,000 years—i. e., 11,000,000 years ago—and the earth would now require 28,000,000 future years in which to cool as much as Mars has cooled during the last 11,000,000 years. So far as regards that consideration, therefore, the probability of the present habitability of Mars must be compared with the probability of the earth's being inhabited when 28,000,000 more years will be past and gone.—Nineteenth Century.

Edison's Definition of Electricity.

Congressman O. M. Hall of this state tells this story of Edison: The latter appeared before the committee on patents to make an argument on some proposed bill. Mr. Hall, prefacing his question with an apology for the ignorance of the committee concerning electricity, asked Edison if he could tell the committee what electricity was. "Oh, yes," said the wizard. "It is a mysterious fluid about which nothing is known." The argument then proceeded.—St. Paul Globe.

No Excuse for Cain.

"I never could understand," sighed Adam, "why that oldest boy of mine turned out so badly. He hadn't any grandparents to spoil him."—Chicago Tribune.

NO CONSUMPTIVE WILL DIE

SO LONG AS HE CAN DIGEST AND ASSIMILATE FOOD.

All physicians admit this. Yet here the difficulty begins. How can we build up the consumptive's body as fast as the disease tears it down? Let us consider.

Cough mixtures must be avoided because they frequently contain opiates which arrest the digestion. Their only effect on the cough is by stupefying the nerves. Let them alone.

All foods that are hard to digest must be avoided, especially fats and oils. Only those foods that are easily digested and assimilated should be eaten. Foods not thus accepted by Nature do no good; they do harm. Not what is merely eaten but what is digested and assimilated gives flesh and strength.

Consumption is starvation, slow or rapid, as may be. The first symptom is, not necessarily a cough, but a tendency to lose flesh, to grow thin. Stop this tendency now. Don't wait for obvious lung trouble. That's only a later development—only a minor point.

Stop the wasting and you master the disease, even though it may have made some slight inroads already. Increase the flesh and the danger is past.

What is needed is an especially prepared food—a nutriment in itself and a digester of other foods.

Such an article is the Shaker Digestive Cordial, made by the Shaker Community, of Mt. Lebanon, N. Y. It creates a natural appetite and insures the digestion of what is eaten with it. It overcomes the wasting which is fatal in the consumptive process.

A man may lose money and not die a bankrupt. One may have consumption and not die of it. This is science and sense. The success of this new remedy proves it.

Prof. Prosper De Pietra Santa

OF PARIS, SAYS:

As a large number of patients lack the necessary power to digest solid food, and would through the use of stimulants be merely excited and weakened, therefore, I regard it of immense value to the practitioner to bring to his aid a nutritious tonic and remedy like the **JOHANN HOFF'S MALT EXTRACT,** which will act not only as a tonic, but as a nutrient as well, and which is less exciting than wine as a stimulant.

Beware of imitations. The genuine **Johann** Hoff's Malt Extract has this signature on neck label.

It is a part of our business policy to please patrons so well that we can almost count on their future trade with certainty. We are going to draw all of Janesville's mothers into our light and airy Children's Department this fall and winter if they will read our special ads for boys and will wait for our sales. If they do come they will buy if they find what fits and suits, Of course they wont buy if they are not suited—but why can't we suit them with as large a stock as ours.
